Transcript of results 2025/6

Dear Daniel,

Please see your interim transcript confirming your module results taken this academic session. These have been approved by the Examining Board. Section one of your interim transcript includes your module results, as well as how many attempts you have had at each module.

Section 1 - This section details your results as confirmed by the Examining Board

Student name: Daniel Stewart Skerman
Student number: 25013368
Date of Issue: 15/06/2026
Course / Year: MSc Mathematics / 1
Year result: Congratulations you have completed and passed the academic year and are permitted to progress to the next stage of your programme.

Module Code	Module Name	Credit value	Attempt	Mark	Result
MAT009	Healthcare Modelling	10	1	68%	PASS
MAT011	Financial Mathematics and Modern Actuarial Risk Theory	10	1	70%	PASS
MAT015	Mathematical Biology	20	1	75%	PASS
MAT023	Calculus of Variations	20	1	88%	PASS
MAT061	Stochastic Search and Optimisation	20	1	81%	PASS
MAT091	Reading Module	20	1	76%	PASS
MAT508	Time Series	10	1	64%	PASS
MAT700	Mathematical Methods for Data Mining	10	1	56%	PASS

A glossary of terms is included at the end of this transcript to help you understand these results. If you need any further guidance, you should speak to your academic or personal tutor who is there to support you. If you need advice on student funding, counselling or wellbeing, please get in touch with the Student Life Service.

Transcript of results 2025/6

If you have failed a module, you may be eligible to resit the assessment or repeat the module. Do check your school handbook/assessment regulations for further guidance. It is important you speak to your academic or personal tutor to seek advice on failed modules, and opportunities available to you, your school will be able to advise.

If you feel there is a mistake on your transcript or wish to challenge the decision of the Examining Board, you can obtain independent advice from the Students' Union Advice team who can assist you in raising an Academic Appeal if appropriate to do so. Full information on the Academic Appeals procedure is available on the final page.

Section 2 shows the breakdown of your module results for each module you attempted, including the marks for each of your assessment components and how many attempts you have taken. Please note: if you have had multiple attempts at an assessment component, your mark may have been capped at the "pass mark" in line with the regulations.

A handwritten signature in black ink, appearing to read 'Wendy Larner'.

Wendy Larner
Vice-Chancellor

Section 2 – Shows the breakdown of your module results

Daniel Stewart Skerman (25013368)

MAT009 Healthcare Modelling

Module start year: 2025/6
Module credits: 10
Module level: L7
Module attempt: 1
Module mark: 68%
Module result: Pass

Please note that the module mark shown is the highest mark you have achieved in the module, not the latest mark.
You are permitted 2 attempts at this module.
The pass mark for this module is 50%

Assessment results

Assessment title	Assessment Attempt	Weighting	Actual Mark*	Assessment Result
HEALTHCARE MODELLING	1	100%	68%	Pass

*If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

*If an assessment has been capped, the uncapped mark will be shown alongside in brackets. Please note it is the actual mark that will be used in any degree calculations, if applicable.

Section 3 – Understanding your Results and sources of advice and support available

There is a lot of information in this interim transcript, and it is important that you understand what it means to you and how it impacts on your studies. There is guidance on your results on the student intranet, as well as the table below which explains each of the terms used in the assessment section of the results and how that effects your progression.

Advice and support

Getting results you are not happy with, or that you were not expecting, can be very upsetting and often quite a shock at first. If you are not happy with your results, do not understand them, or are concerned about the impact they will have on you, there is advice and support available as detailed below:

- **Academic and Personal Tutors** are there to support you and guide you on the results you have attained. They can help you understand the results and options open to you for resitting assessments where that is permitted. Where you need to take or resit assessments during the next academic session, you may also have a choice whether you study as an internal or external student (unless the programme requires you to repeat internally). Information on what this means is available via the student [intranet](#) and details of your personal tutor can be found on your [SIMS](#) record.
- **Student Life Service** provide advice and support on a range of issues: Advice & Money, Student Visa Support, Counselling & Wellbeing. Full details of this support are available on the University [intranet](#).
- **Student Advice in the Students' Union** are a free, confidential and independent service available for students of Cardiff University. They are independent of the University and provide impartial advice and guidance to help you understand the options available to you. They can advise on the University's rules, including how to appeal your result. They can also talk to you about your options if your results have an impact on your accommodation.

How to appeal

This transcript is your results letter and confirms the decision of the Examining Board. If you wish to appeal the decision of the Examining Board, further information is available on the student intranet by searching [Academic Appeals](#).

You have **28 days** from the date this transcript was emailed to you, to appeal a decision of the Examining Board.

You are only permitted to appeal on one or more of the grounds listed below. Please also read the guidance notes provided and look for further information on the student intranet by searching 'appeals':

1. an arithmetical or other error of fact in the results published following the decision of the Examining Board;
2. a defect or irregularity in the conduct, the written instructions or written advice relating to an Assessment either: unknown to the Examining Board which can be shown to have had an adverse effect on the student's performance; or known to the Examining Board and where the Board has acted unreasonably;
3. Extenuating Circumstances either unknown to the Examining Board where the student can show good reason why they could not have been made known to the Examining Board when the student's results were being considered; or known to the Examining Board and where the Board has acted unreasonably.

If you would like independent, confidential, free advice about the Academic Appeals Procedure or any other University procedure, you can contact Student Advice in the Students' Union on 02920 781410 or advice@cardiff.ac.uk. Information is also available on their webpages cardiffstudents.com/advice.

General Information

Enrolment: Information regarding enrolment will be sent to you via email prior to the start of the next academic session. It is important that you follow the instructions and seek advice on the actions you need to take if you are unsure about anything.

Resitting Modules: Your ability to resit/repeat will depend on the rules of your programme. It is important that you speak to your academic or personal tutor to seek advice on any failed modules and the action you may need to take. You may also need advice about any financial, accommodation or visa implications of repeating.

Glossary of Terms

Explanation of module results

Pass	You have completed and passed all assessments or been condoned in the module where eligible
Pass (MM)	You have completed and passed the module but have missing mark(s). When your marks are available, we will recalculate your results and issue a new transcript
Fail	You have failed on one or more assessments within this module
Defer	You have deferred on one or more assessments within this module
Fail and Defer	You have a combination of failed and deferred assessments within this module
Not Passed	You have not attained the module pass mark, due to failure or incompleteness of one or more component assessments
Compulsory fail	You have not attained the module pass mark for a required component assessment - but overall have a mark greater than the normal pass mark required
Missing mark(s)	We are unable to confirm your module result due to missing mark(s). When your marks are available, we will recalculate your results and issue a new transcript

Explanation of assessment results

Pass	You have completed and passed this assessment
Fail	You have not attained the module pass mark in this assessment
Defer	You have deferred this assessment due to either extenuating circumstances, interruption of study or defect in the conduct of the assessment
Critical fail	These occur during practical assessments where you make a critical error on one or more of the assessed stations which puts the patient/client's safety at risk (e.g. prescribing a lethal dose of medication, or failing to diagnose meningitis)
Non-submission	You were absent from this assessment without good cause or did not submit this assessment
Ex Circs (PC)	Your extenuating circumstances have been accepted relating to a protected characteristic
Defect	The Examining Board has acknowledged a defect or irregularity, that has not been able to be remedied through other process and procedures
Academic Misconduct (A)	You have academic misconduct upheld against this assessment
Academic Misconduct (M)	You have academic misconduct upheld against this module
Withdrawn	You have withdrawn from the programme of study
Absent	You were on an Interruption of study
Transferred	You have transferred to a different programme of study as approved by your school
Awaiting result	You have an outstanding result for this assessment
Formative	You have not successfully completed this formative assessment
Late result	You were late submitting this assessment which will be capped at the minimum pass mark for the assessment
Missing mark	We are missing the mark for this assessment. When your marks are available, we will recalculate your results and issue a new transcript
